---

*Each image is judged on two important criteria,  
in this order:*

**1**

**How well it represents  
the category**

Does the image clearly and effectively  
capture the essence of the category?

**2**

**How well it was  
technically executed**

How strong is the image in terms of  
exposure, focus, composition, lighting,  
and overall quality?

*Great images tell a story and  
show skill behind the lens!*
